NEW SPECIAL PART NUMBER FOR CHARGE AND DISCHARGE WELDING APPLICATIONS

Gallarate, 27th June 2016

Dear Customer,

In order to provide products always more close to the customer needs, Kendeil is glad to announce the possibility for the customer to request a special design for charge and discharge welding applications where are requested screw terminals electrolytic types.

This design has been developed by the Kendeil's R&D team and in some cases it has been already proposed to the customer through special part number.

From now on it will be possible request this special design, for all the screw terminals electrolytic series capacitors, just adding "W" on the digit 13th the capacitor part number.

All the details available at the website www.kendeil.com at the link <http://www.kendeil.com/ElectrolyticCapacitors/Partnumbersystem.aspx> .

Should you need further clarification, please don't hesitate to contact your Kendeil's sales referent.

Yours faithfully

Kendeil Quality Assurance
Ercole Scampini
